

MPSSCC Invitational Host Setup Requirements and Tips

In planning to host a competition, please use the following outline as a guide in setting up your facility.

Main Gym:

- One FULL cheer floor (42'x42' - 7 rolls)
- Judges' area must face performance floor and be roped off from spectators.
- Judges' table area should have enough seating for 6 judges (1 panel) or 12 judges (2 panels).
- Timer and tally person should also be seated at the end of the judges' table.
- Space with table and chair for DJ setup.
- Area for Athletic Trainer station.
- Teams supporting (watching) other teams should be clear from the judges' table and back of the mat. Safety judges must have a clear path to walk.
- Use an additional Velcro strip, if possible, in the front and back of the mat to help pull the panels closed. If the mats separate from one another, please have athletes or staff fix the mats throughout the competition.
- Have a trash can near the mat in case an athlete is not feeling well.
